বাধা পেরোবার গল্প

This is the story of 'Team Rapture' - the first Bangladeshi winners of the prestigious Microsoft #ImagineCup (2011). This is one of the world's foremost competitions for students of technology to showcase their innovations that could bring about a significant impact on society at large.

Team Rapture's ground-breaking mobile application, 'Third Eye' won them this laurel. This is a smartphone app that brings light to visually-challenged people.

This film attempts to capture their turmoil, trials & eventual success, and their vision & convictions, through their own words...
